INFORMATION TO BE INCLUDED IN FORM ECSRC-K

1. Business.

Provide a description of the developments in the main line of business including accomplishments and future plans. The discussion of the development of the reporting issuer's business need only include developments since the beginning of the financial year for which this report is filed.

During the financial year, a total of 1.2 billion units of securities were cleared and settled by the Group's depository subsidiary, the ECCSD, in 810 transactions. Though the number of transactions fell 13.6% from the previous year, the volume of securities increased by 3.6%. Both the primary and secondary market contributed to this increase.

The ECCSD cleared and settled 1.2 billion units of securities from 693 primary market transactions during the year. This represented 55 fewer transactions compared to the previous year, a decrease of 7.4%. Notwithstanding, the volume transacted increased by 42.3 million units or 3.6%.

Activity generated from the secondary market resulted in the clearing and settlement of 2.9 million units of securities, an increase of 0.9 million units or 43.2 % from the previous year. The number of transactions arising from secondary market activity declined by 72 or 38.1%.

Future Plans

The strategic decision to streamline the Group's structure by merging the ECSE's two subsidiaries, the ECCSR and the ECCSD is scheduled to be implemented in 2017-2018. As the surviving entity, the ECCSD's role will expand to include all of the services currently being undertaken by the ECCSR along with its current functions. This is in conformance with normal industry practice, and is consequent to the implementation of the new CSD application which took place in June 2016.

2. Properties.

Provide a list of properties owned by the reporting entity, detailing the productive capacity and future prospects of the facilities. Identify properties acquired or disposed of since the beginning of the financial year for which this report is filed.

None.

3. Legal Proceedings.

Furnish information on any proceedings that were commenced or were terminated during the current financial year. Information should include date of commencement or termination of proceedings. Also include a description of the disposition thereof with respect to the reporting issuer and its subsidiaries.

None.

4. Submission of Matters to a Vote of Security Holders.

If any matter was submitted to a vote of security holders through the solicitation of proxies or otherwise during the financial year covered by this report, furnish the following information:

- (a) The date of the meeting and whether it was an annual or special meeting.

None.

- (b) If the meeting involved the election of directors, the name of each director elected at the meeting and the name of each other director whose term of office as a director continued after the meeting.

None.

- (c) A brief description of each other matter voted upon at the meeting and a statement of the number of votes cast for or against as well as the number of abstentions as to each such matter, including a separate tabulation with respect to each nominee for office.

None.

- (d) A description of the terms of any settlement between the registrant and any other participant.

None.

- (e) Relevant details of any matter where a decision was taken otherwise than at a meeting of such security holders.

None.

5. Market for Reporting issuer's Common Equity and Related Stockholder Matters.

Furnish information regarding all equity securities of the reporting issuer sold by the reporting issuer during the period covered by the report.

None.

6. Financial Statements and Selected Financial Data.

Attach Audited Financial Statements, which comprise the following:

For the most recent financial year

- (i) Auditor's report; and
- (ii) Statement of Financial Position;

For the most recent financial year and for each of the two financial years preceding the date of the most recent audited Statement of Financial Position being filed

- (iii) Statement of Profit or Loss and other Comprehensive Income;
- (iv) Statement of Cash Flows;
- (v) Statement of Changes in Equity; and
- (vi) Notes to the Financial Statements.

7. Disclosure about Risk Factors.

Provide a discussion of the risk factors that may have an impact on the results from operations or on the financial conditions. Avoid generalised statements. Typical risk factors include untested products, cash flow and liquidity problems, dependence on a key supplier or customer, management inexperience, nature of business, absence of a trading market (specific to the securities of the reporting issuer), etc. Indicate if any risk factors have increased or decreased in the time interval between the previous and current filing.

The overall sustainability of the ECCSD is predicated on its ability to generate sufficient fee income from its core activities of clearing and settling primary and secondary market transactions.

Transactions within the ECCSD continue to be dominated by primary market activity on the RGSM. In the financial year ended 31 March 2017, transactions in Sovereign debt securities on the primary market accounted for 85.6% of total depository activity. The secondary market transactions accounted for 14.4% of overall depository activity.

The ECCSD's heavy reliance on sovereign issuers, requires an active RGSM. In the most recent past, several of the ECCU member Governments continue to face debt sustainability challenges, one Government has been undergoing a debt restructuring exercise while another Government had restructured its debt in 2012.

The impact of debt restructurings, should they become more prevalent and continue to involve substantial haircuts, could adversely affect RGSM activity. Any significant reduction in RGSM activity would negatively affect the ECCSD's performance.

8. Changes in Securities and Use of Proceeds.

- (a) Where the rights of the holders of any class of registered securities have been materially modified, give the title of the class of securities involved. State briefly the general effect of such modification upon the rights of holders of such securities.

None.

- (b) Where the use of proceeds of a security issue is different from that which is stated in the registration statement, provide the following:

- Offer opening date (provide explanation if different from date disclosed in the registration statement)

Not applicable.

- Offer closing date (provide explanation if different from date disclosed in the registration statement)

Not applicable.

- Name and address of underwriter(s)

Not applicable.

- Amount of expenses incurred in connection with the offer Not applicable.

- Net proceeds of the issue and a schedule of its use

Not applicable.

- Payments to associated persons and the purpose for such payments

Not applicable.

- (c) **Report any working capital restrictions and other limitations upon the payment of dividends.**

The ECCSD's accumulated deficit of \$2,190,775 at 31 March 2017 continues to restrict the payment of dividends.

9. Defaults upon Senior Securities.

- (a) **If there has been any material default in the payment of principal, interest, a sinking or purchase fund instalment, or any other material default not satisfied within 30 days, with respect to any indebtedness of the reporting issuer or any of its significant subsidiaries exceeding 5 per cent of the total assets of the reporting issuer and its consolidated subsidiaries, identify the indebtedness. Indicate the nature of the default. In the case of default in the payment of principal, interest, or a sinking or purchase fund instalment, state the amount of the default and the total arrears on the date of filing this report.**

Not applicable.

- (b) **If any material arrears in the payment of dividends have occurred or if there has been any other material delinquency not satisfied within 30 days, give the title of the class and state the amount and nature of the arrears or delinquency.**

Not applicable.

10. Management's Discussion and Analysis of Financial Condition and Results of Operation.

Discuss the reporting issuer's financial condition covering aspects such as liquidity, capital resources, changes in financial condition and results of operations during the financial year of the filing. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated.

The Management's Discussion and Analysis should disclose sufficient information to enable investors to judge:

1. The quality of earnings;
2. The likelihood that past performance is indicative of future performance; and
3. The issuer's general financial condition and outlook.

It should disclose information over and above that which is provided in the management accounts and should not be merely a description of the movements in the financial statements in narrative form or an otherwise uninformative series of technical responses. It should provide management's perspective of the company that enables investors to view the business from the vantage point of management.

The discussion should focus on aspects such as liquidity; capital resources; changes in financial condition; results of operations; material trends and uncertainties and measures taken or to be taken to address unfavourable trends; key performance indicators; and non-financial indicators.

General Discussion and Analysis of Financial Condition

At 31 March 2017, Total Assets stood at \$3,995,076, a reduction of \$2,325,135 or 36.79% over the same period in 2016. This was due to the decrease in Cash held in the Escrow Account.

Total Liabilities totaled \$6,162,035, a reduction of \$2,196,181 or 35.64% when compared to the previous year. The decrease in liabilities is mainly due to reduction in amounts withheld in escrow.

Liquidity and Capital Resources

Provide a narrative explanation of the following (but not limited to):

- i) The reporting issuer's financial condition covering aspects such as liquidity, capital resources, changes in financial condition and results of operations.
- ii) Any known trends, demands, commitments, events or uncertainties that will result in, or that are reasonably likely to result in, the issuer's liquidity increasing or decreasing in any material way. If a deficiency is identified, indicate the course of action that the reporting issuer has taken or proposes to take to remedy the deficiency.
- iii) The issuer's internal and external sources of liquidity and any material unused sources of liquid assets.
- iv) Provisions contained in financial guarantees or commitments, debt or lease agreements or other arrangements that could trigger a requirement for an early payment, additional collateral support, changes in terms, acceleration of maturity, or the creation of an additional financial obligation such as adverse changes in the issuer's financial ratios, earnings, cash flows or stock price or changes in the value of underlying, linked or indexed assets.
- v) Circumstances that could impair the issuer's ability to continue to engage in transactions that have been integral to historical operations or are financially or operationally essential or that could render that activity commercially impracticable such as the inability to maintain a specified level of earnings, earnings per share, financial ratios or collateral.
- vi) Factors specific to the issuer and its markets that the issuer expects will affect its ability to raise short-term and long-term financing, guarantees of debt or other commitment to third parties, and written options on non-financial assets.
- vii) The relevant maturity grouping of assets and liabilities based on the remaining period at the balance sheet date to the contractual maturity date. Commentary should provide information about effective periods and the way the risks associated with different maturity and interest profiles are managed and controlled.
- viii) The issuer's material commitments for capital expenditures as of the end of the latest fiscal period, and indicate the general purposes of such commitments and the anticipated source of funds needed to fulfil such commitments.
- ix) Any known material trends, favorable or unfavorable, in the issuer's capital resources, including any expected material changes in the mix and relative cost of capital resources, considering changes between debt, equity and any off-balance sheet financing arrangements.

Discussion of Liquidity and Capital Resources

The cash position at 31 March 2017 was \$3.56 million, a decrease of \$2.27 million or 38.94% from the previous year. The decrease in cash is primarily due to the pay-out of Escrow funds. The ECCSD's current ratio of 1.02 indicates that the Company would be able to meet its short-term obligations if they became due.

At 31 March 2017, the ECCSD had capital and reserves of \$0.02 million compared to \$0.16 million in the previous year. There is no anticipated material commitments for capital expenditure.

Off Balance Sheet Arrangements

Provide a narrative explanation of the following (but not limited to):

- i) Disclosures concerning transactions, arrangements and other relationships with unconsolidated entities or other persons that are reasonably likely to materially affect liquidity or the availability of, or requirements for capital resources.
- ii) The extent of the issuer's reliance on off-balance sheet arrangements should be described fully and clearly where those entities provide financing, liquidity, market or credit risk support, or expose the issuer to liability that is not reflected on the face of the financial statements.
- iii) Off-balance sheet arrangements such as their business purposes and activities, their economic substance, the key terms and conditions of any commitments, the initial on-going relationship with the issuer and its affiliates and the potential risk exposures resulting from its contractual or other commitments involving the off-balance sheet arrangements.
- iv) The effects on the issuer's business and financial condition of the entity's termination if it has a finite life or it is reasonably likely that the issuer's arrangements with the entity may be discontinued in the foreseeable future.

The ECCSD does not have off-balance sheet financing.

Results of Operations

In discussing results of operations, issuers should highlight the company's products and services, facilities and future direction. There should be a discussion of operating considerations and unusual events, which have influenced results for the reporting period. Additionally, any trends or uncertainties that might materially affect operating results in the future should be discussed.

Provide a narrative explanation of the following (but not limited to):

- i) Any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported income from continuing operations and, in each case, the extent to which income was so affected.
- ii) Significant components of revenues or expenses that should, in the company's judgment, be described in order to understand the issuer's results of operations.
- iii) Known trends or uncertainties that have had or that the issuer reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations.
- iv) Known events that will cause a material change in the relationship between costs and revenues (such as price increases, costs of labour or materials), and changes in relationships should be disclosed.
- v) The extent to which material increases in net sales or revenues are attributable to increases in prices or to increases in the volume or amount of goods or services being sold or to the introduction of new products or services.
- vi) Matters that will have an impact on future operations and have not had an impact in the past.
- vii) Matters that have had an impact on reported operations and are not expected to have an impact upon future operations
- viii) Off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships that have or are reasonably likely to have a current or future effect on the registrant's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.
- ix) Performance goals, systems and, controls,

Overview of Results of Operations

The ECCSD reported a net loss of \$128,951 during the year ended 31 March 2017. Compared to the previous year, the net loss increased by \$92,068 or 249.62% as revenues decreased by \$7,115 or 3.89% and expenditure increased by 84,953 or 38.71%. The decline in revenue was attributable to the reduction in market activity and the increase in expenditure was mainly due to higher amortization and software maintenance costs stemming from the implementation of the new Montran CSD application.

The ECCSD continues to seek other opportunities to increase its revenue base and grow its income stream.

11. Changes in and Disagreements with Auditors on Accounting and Financial Disclosure.

Describe any changes in auditors or disagreements with auditors, if any, on financial disclosure.

KPMG Eastern Caribbean was reappointed as external auditors of the ECSE Group at the 15th Annual General Meeting of Shareholders held in November. At the end of the financial year, on 31 March 2017, however, there was a reorganization of the KPMG's Eastern Caribbean operations. Several of the former partners joined the international BDO network and commence operations as BDO Eastern Caribbean on 1 April 2017. KPMG, however, continued to offer its services in the Eastern Caribbean, led by the remaining St Vincent and the Grenadines-based partner and a Director based in Antigua and Barbuda.

Based on the reiteration of its commitment to continue to serve the Eastern Caribbean, its status as one of the "Big 4" accounting firms, with the depth and breadth of expertise, and on its comprehensive understanding of the Group's operations, KPMG was engaged to undertake the statutory audit of the ECSE Group for the year ended 31 March 2017.

12. Directors and Executive Officers of the Reporting Issuer. (*Complete Biographical Data Form attached in Appendix 1 and Appendix 1(a) for each director and executive officer*)

Furnish biographical information on directors and executive officers indicating the nature of their expertise.

13. Other Information.
